

## Boud Microspheres

We produce a number of pre-wetted or damped versions of Expancel DET. These are produced by adding a suitable liquid which makes the product much easier to handle as well as easing dispersion.

### Microspheres 806

**Composition:**

50% by weight Expancel 461 DET 40 d42

50% by weight Dioctyl Adipate (DOA)

### Microspheres 939

**Composition:**

50% by weight Expancel 920 DET 80 d30

50% by weight Dioctyl Adipate (DOA)

### Microspheres 941

**Composition:**

50% by weight Expancel 920 DET 40 d30

50% by weight Dioctyl Adipate (DOA)

### Appearance

White sticky powder

Store and handle Microspheres 806, 939 and 941 with care due to pressure sensitive powder.

Other combinations of Expancel DET with suitable liquids can be produced.

We can also prepare custom blends of Expancel DET and/or Hollow Glass Spheres with other dry powders, in bespoke pack sizes.

### Commodity Code

3906 909010

### Packing

5 kilo bags

Issue 9 November 2020
